

# Gifts and Contributions

More than 10,000 theatre pipe organs were installed in movie houses before 1930: Today, only about 600 still survive. One of these, Mighty Wurlitzer Opus 1824, is a 90 year-old instrument enjoyed by Lafayette, Indiana audiences since 1992. Community and individual support has sustained this incredible instrument for decades.

You too can make a difference in this instrument's history, whether your primary interest is Theatre Organs, Music, Silent Film, Historic Preservation, Arts and Culture, Philanthropy, or for personal reasons. Your gift provides funding for concerts, silent films, and artists; your support maintains the physical integrity of the instrument; your generosity guarantees the future of the Mighty Wurlitzer for another 40 years of music-making.
